DATE: December 4, 1984

MATTER OF: Centroid, Inc.

## DIGEST:

Protest against proposal evaluation is dismissed as premature where agency is still evaluating proposals it received in response to the solicitation and no award decision has been reached.

Centroid, Inc., protests that the proposal it submitted in response to Defense Logistics Agency request for proposals No. DLA400-84-R-6711 may be rejected. Centroid also protests that the contract under this solicitation may be awarded to other than the low offeror.

DLA has informed this Office that it is currently evaluating the proposals it received, including the proposal submitted by Centroid, and that no offeror has been selected for award. Consequently, Centroid's protest that its proposal will be rejected and that DLA will improperly award a contract to other than the low offeror is speculative and premature and we therefore will not consider it on the merits. Mil-Craft Mfg., Inc., B-214015, May 7, 1984, 84-1 C.P.D. ¶ 512; Security Assistance Forces & Equipment Export Corp., B-207787, June 22, 1982, 82-1 C.P.D. ¶ 617.

The protest is dismissed.
